2018-2019 Instrumental Music Program at Morning Star School

Everyone should have the opportunity to experience the joy of learning to play music. This is a fun way in which studies have shown that instrumental music directly contributes to children’s intellectual development, and helps with those who may have learning challenges or differences. It is a powerful learning tool that will help aid with success in school; especially in subjects like math and reading. Our goal is to provide each student with the best possible musical experience while having fun learning.

PROGRAM STRUCTURE AND EXTRAS

Students will have semi-private lessons once per week after school on Wednesdays. Opportunities include school concerts and events from all the **MusicWorks** instrumental programs throughout the city. Some examples are a city-wide combined band concert and an awards night performance for ALL students. Piano students will also have a city-wide recital. Extra music, miscellaneous supplies and minor repairs as well as fun-related outings and field trip lunches are also included.

COST

Our program is the most inexpensive way to learn to play an instrument in N.E. Florida. It is only \$50 per month (far lower than the \$25-\$30 per lesson frequently charged) for the entire program. Three payment plans exist, outlined on the reverse; and if you pay by the semester or the year there are additional discounts.

OBTAINING INSTRUMENTS AND AGE REQUIREMENTS

It will be necessary to provide the student with an instrument in good playing condition. Most music stores rent band instruments for about \$20 per month including insurance, repairs, and replacements. It is not necessary to own a piano for those interested in this instrument. Electric keyboards can be purchased for about \$100. Before choosing an instrument all students will have attended a presentation of the program, an instrument demonstration, and a chance to try instruments. The instruments offered are clarinet, flute, oboe, saxophone, trumpet, French horn, trombone ,drums/percussion and piano/keyboard. Students may begin on instruments as young as nine years old.

HOW TO SIGN UP

Please mail permission slip (see reverse) to the address below or return to the school office ASAP. You may attach your check or money order to the form or call for credit/debit card payment. **(CASH IS NOT ACCEPTED)**. If you have a specific problem or concern, please contact us as it is our goal to provide every child the chance to participate. We are dedicated to giving each student the best possible musical experience while having fun learning to play music. I hope that you will give your child the opportunity to discover the possibilities and benefits of learning to play an instrument.
