2020-2021 School Year

Unique. Inspiring. Grounded in Faith

Plans For Re-Opening

Dear Parents,

The Morning Star Administration is working carefully to create the re-entry plan that will be safe, flexible and transparent. Our goal is to keep the Morning Star community healthy. We are preparing the building and classrooms for the arrival of students on August 10th. Morning Star's guidance has come from the FLDOH, FLDOE, CDC, and the Office of Superintendent for Catholic Schools.

This document is provided for informational purposes to our 4-tiered Return to School Plan (RTS). You will be able to refer to this plan throughout the 2020-2021 school year. Please note there will be updates and addendums to this document as possible conditions change to our brick and mortar environment. With that being said, the goal has always been to open the school to students on August 10th. As of right now, we will be operating at a Tier 2 for our Return to School Plan (RTS).

The administration and staff are working to prepare for any interruption in on-campus learning in the event of a government-ordered closure or minimal closure due to a positive test case on campus. If an interruption occurs physical operations will immediately shift to "Innovative Teaching Opportunities" (ITO), formally known as distance learning. Your child's well being spiritually, academically, and emotionally is at the forefront of Morning Star's Return to School Plan (RTS).

God Bless and Keep Safe,

Elaine Shott, Principal

Family Options to Return

Families have the following three (3) options for the 2020-2021 academic year.

Morning Star Full – Time Student Options for families

1 Full- Time

In - Person Instruction

- Five days pre week
- In-person instruction will follow RTS guidelines listed in this document
- Students are permitted to participate in extra-curricular activities
- Lunch, recess , and specials classes will occur

2 Home - Based Remote Learning for Medical Reasons

- Full-time MSS students
- Full tuition & fees apply
- Students will participate in live synchronous learning with in-class peers
- Students must actively participate in all classes though online platform
- Family required to provide medical documentation to principal
- Five days a week and present via on-line platform during ALL instructional times (7:45-2:35)
- 9-week/ one quarter commitment or one semester
- Students are not permitted to participate in extra-curricular programs
- Conditional on FLDOE program approval

3 Home - Based Remote Learning

- Full-time MSS students
- Full tuition & fees apply
- Students will participate in live synchronous learning with in-class peers
- Students must actively participate in all classes though online platform
- Five days a week and present via on-line platform during ALL instructional times (7:45-2:35)
- 9-week/ one quarter commitment
- Conditional on FLDOE program approval
- Only available to families for 1st and 2nd quarter
- Students are not permitted to participate in extra-curricular programs

Plans will be reviewed every nine-weeks. Options to return to campus for student not making progress through home based learning will be discussed with the family and school administration

On-Campus

While specific decisions and plans about the upcoming school year will be finalized over the next few weeks as more information and up-dates concerning public health guidelines are issued, we wanted to share with our families what is being practiced and what will be practiced while on campus. They include but are not limited to:

1. Frequently hand washing by Faculty, Staff and Students

2. Masks worn by students and faculty when moving around the campus.

3. Frequent Sanitation and cleaning between classes and after school.

4. Athletics governed by guidance from DOSA and in consultation with coaches if our students are participating on any CTK sports teams.

5. Temperature checks when students, faculty and staff arrive. Anything at or above 100.4. Students/adults will be sent home.

6. Avoid greeting people by touching each other.

7. Guidelines for capacity limits and cohorts to allow for social distancing in spaces such as classrooms, gym, etc. Changes to campus visitors and parents permitted on campus.

Return to School Plan

Covid-Operations Plan by Level

Level 1

Low level of Concern Normal School Routines & Procedures

- Regular schedule and after school activities per normal routine and schedule
- Large gatherings permitted
- Monthly masses
- Normal lunch w/o outside vendors
- General entry security
- General janitorial cleaning

Level 2

Moderate level of Concern General Proactive Measures

- Regular schedule and after school activities operating with general precautions
- Social distancing
- *Face-covering required* with modifications
- Venue gatherings limited
- Modified monthly masses
- Lunch from home only
- Increased health screening
- Proactive maintenance and cleaning
- No parents/visitors permitted in the building

Level 3

High level of Concern Significant Proactive Measures

- Modified daily schedules
- After school activities limited
- Social distancing
- *Face-covering required*
- Venue gatherings prohibited
- Modified mass monthly schedule
- Lunches from home only
- Increased health screening
- Significant and frequent maintenance and cleaning
- Restricted Campus access

Level 4

Extreme level of Concern General Proactive Measures

- Innovative Teaching Opportunities
- All activities Cancelled
- Campus Closed
- Gatherings prohibited
- Virtual Mass

Extreme Proactive Measures

On Campus Learning:

Your children will begin the 2020-2021 academic year on campus with the expectations that specific health and safety procedures will be required. In the event that a government body closes schools or the campus must be temporarily closed for cleaning, the entire student body will shift to Innovative Teaching Opportunities (ITO).

Innovative Teaching Opportunities:

Improved learning experiences to ensure past online success continues while incorporating models and exploring new resources; committed to enhancing your child's spiritual and emotional well-being; enhanced teaching tools for improved synchronized learning (live instruction) and help students learn better in a remote learning environment.

Masks At Morning Star

What to remember when getting masks for students...

Morning Star will require masks by all students. Students will have their temperature checked before they get out of the car each morning. Then, they will proceed into the building with their mask on and go straight to their homeroom. Once class begins, students will be able to take their masks off while social distancing. Where social distancing is unattainable, students will be required to wear their masks. During Physical Education and recess students will not be required to wear a mask. It is suggested students have at least 2 masks at school at all times. Following these guidelines will keep our students, faculty, and staff healthy and safe to the best of our ability.

At Morning Star we celebrate uniqueness and cater to our student's interest. We would like this to continue with their masks. Students are able to wear masks of their choice, as long as they are school appropriate. Here are some examples of fun, but appropriate masks.

The Morning Star faculty and staff look forward to having a awesome 2020-2021 school year!
