

Morning Star School Jacksonville Device Acceptable Use Policy 2022-2023

Morning Star School (MSS) provides Apple devices for all of our students. We believe this 1:1 environment will provide an engaging and connecting style of learning no matter which learning option a student and his or her family have chosen. The students will be issued a device with predetermined applications (Apps) and books installed. Students and parents are required to review the following policy, as well as sign the MSS Student Parent agreement, to protect our students, hardware, software and MSS integrity of learning.

Technology at MSS is provided for the purpose of supporting and fostering the educational mission of the School. Morning Star's mission is to target and reach each student where they are in their educational journey. In using their devices, students are encouraged to learn through auditory, visual, verbal and Kinesthetic learning styles that best fits and relates to the individual student.

Use of these technologies is a privilege that carries responsibility and behavioral expectations consistent with all school rules and policies including, but not limited to, those stated in the Parent-Student School Handbook and Diocesan policies. The policies set clear and concise guidelines for students and their parents in regard to appropriate device use. All members of the MSS School community will use all technology and the school's network in a responsible, ethical, and legal manner at all times. We expect our students to exercise good judgment and to utilize technology with integrity.

Morning Star School retains sole right of possession of the device and related equipment. The device will be issued to students according to the guidelines set forth in this document. MSS retains the right to collect and/or inspect the device at any time; and to alter, add, or delete installed software or hardware. Devices and students' activity on devices are monitored and managed both at school and at home.

Receiving Your Device

Devices, covers, and chargers will be distributed at the beginning of the school year. Parents and students must sign and return the device Acceptable Use Policy and Pledge documents.

Using Your Device

School student devices are for academic, school-related use only. The student shall abide by the User Agreement & School's Acceptable Use Policies (AUP). Violation of these policies will result in disciplinary action. If the violation requires any correction/repair by the School's Technician it will result in a \$50.00 service fee.

Fixing/Replacing Your Device/Insurance-Warranty

A device that is not functioning properly or is damaged should be given to the Morning Star School technician for inspection. When a device must be sent off campus for repairs, a temporary device will be issued to the student. If the repair is not covered by the device Warranty, the student will be assessed a \$50.00 deductible and any cost not covered by insurance.

In case of theft, a police report must be filed and a new device will be issued.

Devices that are broken or fail to work properly must be taken to the technology department for an evaluation of the equipment. All repairs on the device must be done by the MSS Technician. Device chargers must be inserted and removed properly from the device. Device cases must be returned to the school with only normal wear.

General Precautions

- The device, and the device case are the school property, and all users will follow the device Acceptable Use Policy .
- Cords and cables must be inserted carefully into the device to prevent damage.
- Device and cover must remain free of any writing, drawing, stickers, or labels that are not the property of MSS. Device covers that have damage other than what is deemed normal wear will result in a \$35.00 charge at the end of the school year. You may wish to document the condition of your cover at the time it is received.
- Devices must never be left in an unsupervised area.

Carrying Devices

The protective cases provided with the devices have sufficient padding to protect the device from normal treatment and provide a suitable means for carrying the device within the school. The guidelines below should be followed:

- Devices should always be within the protective device case when carried.
- Avoid placing too much pressure and/or weight (such as folders and workbooks) on the device screen.
- Devices should not be carried into the restroom.

Screen Care

The device screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure.

- Do not place anything in the carrying case that will press against the cover.
- Clean the screen with a soft, dry cloth or anti-static cloth; no cleaners of any type.
