DEPARTMENT NEWSLETTER

Dear Families,

According to our Catholic faith, **every Friday** during the Lenten season will be meat-free. This applies to any lunch orders placed through the school.

The [Final Exam Schedule](#) is posted for all grades. Please mark your calendar and make plans for student pick-up. Students are released at 11:10 am on exam days; after-school care is **not** available on these days.

HOMEWORK: High school students have **nightly** homework. While we strongly believe in fostering independence, many students' grades suffer from a lack of effort on homework assignments. Please help your student by checking in with them daily (if needed) to assist in their success.

TUTORING: Students are encouraged to use their time productively to complete assignments during after-school care. However, adults are there to supervise all students, **not** to work one-on-one. Mrs. Carter offers weekly math tutoring on Mondays until 3:30 p.m. If your child could benefit from additional practice and guidance beyond school hours, please contact the HS Team for tutors-for-hire recommendations outside of MSS/MSHS.
